The screenshot shows the 'Log' page of the 'MONITORING SUHU RUANGAN' application. The left sidebar has a 'Log Data' link. The main content area displays the 'Log Data Temperature' section with a 'Refresh' button and a note 'Pengiriman Data dilakukan per 15 detik'. Below this is a table with 5 columns: NO, DEVICE, TEMPERATURE, HUMIDITY, and TANGGAL. The table contains 6 rows of data. A search bar is located to the right of the table.
